

Ministero degli Affari Esteri

Pharmacological strategies to overcome multidrug resistance in cancer chemotherapy

2nd Annual Symposium

22nd November 2005
Certosa di Pontignano
Siena

Organization:

G. Sgaragli
S. Saponara

Secretariat:

M.L. Valacchi
L. Cavecchia

**PHARMACOLOGICAL STRATEGIES
TO OVERCOME MULTIDRUG RESISTANCE
IN CANCER CHEMOTHERAPY**

**Certosa di Pontignano, Siena
Tuesday, 22nd November 2005**

PROGRAMME

- 9.00 – 10.00 Registration
- 9.30 Welcome to the participants
M. Panczel, *Hungarian Embassy, Italy*
G. Sgaragli, *University of Siena, Italy*
M. Cresti, *Vice-Rector, University of Siena, Italy*
F. Corelli, *Dean of Pharmacy School, University of Siena, Italy*
- Morning session
- Chairmen: E. Teodori (*Firenze*), G. Decorti (*Trieste*)
- 10.00 – 10.30 **PERMEABILITY-GLYCOPROTEIN: IMPORTANCE IN
PHYSIOLOGY AND PATHOLOGY**
Giampietro Sgaragli
University of Siena, Italy
- 10.30 – 11.00 **NUCLEAR RECEPTORS MEDIATED-REGULATION
OF CYPS, PHASE II ENZYMES AND ABC-
TRANSPORTERS**
Pier Giovanni Gervasi
CNR, Pisa
- 11.00 – 11,30 **THE DIHYDROPYRIDINES AS POTENTIALLY
REACTIVE COMPOUNDS**
Francesco De Matteis
University of London, U. K.
- 11.30 – 11.50 Coffee break
- 11.50 – 12.20 **COMBAT CANCER, POSSIBLE REVERSAL OF
MULTIDRUG RESISTANCE AND KINETIC
RESISTANCE OF CANCER CELLS**
**Joseph Molnár, Nóra Gyémánt, Helga Engi, Judith Hohman,
Maria José Umbelino Ferreira, Giampietro Sgaragli and Liaofu
Luo**
University of Szeged, Hungary
- 12.30 – 14.00 Lunch break
